ESSENTIALS

Caring about the **environment** is to care for the **future** of our **children**

Our Green Materials

Bamboo

Rice-based material

FASAL

Natural rubber

Water based paint

Cork

We support **children's growth** wholeheartedly

Hape is a world-leading educational toy brand.

We endeavor to develop children's learning spirit through playing experiences, and prepare them for the better world ahead.

Less is More

For more than 15 years now, we've adopted and implemented the principles of our 5R's: Rethink, Redesign, Reduce, Reuse and Recycle. Because we know to care for children, we must also care about the environment.

Quality & Safety

All Hape products meet, and more often than not exceed, the strictest international standards for quality and safety.

Design

Our global design team consists of over 40 designers from around the world, talented professionals who are dedicated to bringing positive benefits to our customers.

Originality

We believe that only products of original design can mirror and keep up with the pace of a child's development, which is why we always insist on originality.

Education

Our toys have been designed to develop children's natural talents during key developmental stages. From basic sensory and motor skills to comprehensive social and problem-solving strategies, each toy contributes to this process in its own unique and age-appropriate way.
