40 ANNIVERSARY

COLLECTION 2026

CEO MESSAGE

> Throughout its history, the mission and values have remained constant:
> **to focus on early childhood education and to encourage open-ended play.**

Peter Handstein
Founder & CEO

In 2026, the company will celebrate its 40th anniversary—a milestone that honours both achievements and the people who have contributed to its success. Throughout its history, the mission and values have remained constant: to focus on early childhood education and to encourage open-ended play. Research and product development have continually advanced these priorities, recognising their essential role in nurturing children's growth and development.

The early years of a child's life are pivotal for creativity and emotional development. In particular, Emotional Intelligence (EQ) has become increasingly recognised as vital in helping children manage emotions, navigate conflicts, and develop empathy. The company's mission has always emphasised reinforcing positive social behaviours and attitudes through play-based learning. At a time of global challenges and uncertainty, this mission is more relevant than ever—equipping children with the soft skills they need to become innovative, compassionate leaders of tomorrow.

A Collaboration of Creativity
A new partnership with the Metropolitan Museum of Art (The Met) marks an exciting step forward. Together, the organisations are launching a line of art-inspired toys designed for children ages 0-3. This collection introduces art concepts and history in playful, accessible ways, nurturing creativity from the earliest years. The new product line will debut at The Met later this year and be available worldwide beginning January 2026.
This collaboration reflects a shared vision: to spark creativity, inspire open-ended play, and foster a lifelong appreciation for the arts in children everywhere.

Strengthening the Global Supply Chain
The year 2025 stands out as a time of significant global uncertainty, underscoring the importance of resilience in production and supply networks. To address these challenges, the company is pursuing strategic expansions into regions such as Southeast Asia and Latin America, while also evaluating opportunities in North America for select product lines. These efforts aim to strengthen resilience, ensure adaptability, and meet the evolving needs of partners and customers.
With these investments, and a continued commitment to the principles that have defined the company for 40 years, the path forward remains clear: to grow responsibly, innovate with purpose, and uphold the trust that customers and partners place in the brand.

Play is at the heart of everything we do. Children love to play and with our toys they gain valuable life skills. Because when children play with our toys they learn so much more about themselves and the world around them.

Love play, learn.

Toddler Music

Toddlers love exploring rhythms and melodies as they play around with music. Our toddler music toys are designed to give toddlers fun ways to explore music with rhythms and melodies.

- Use the three buttons in the upper left to toggle between three modes.
- Enhance fine motor skills as little fingers dance across the responsive piano keys.
- Spark your child's imagination with a vibrant spectrum of key colors.

Tap keys to unveil 9 animals and their unique sounds.

Scan for Video

Unleash creativity with free play. Press keys for piano tones and see lights ascend on screen.

Follow lit keys to master 5 songs. Let lights guide your melody in this engaging mode.

Learn with Lights Mode

PolyM

PolyM® building bricks are produced under international standards of safety and are regularly tested by independent testing institutes. Originally built by a father – Anton Meyer, German engineer, and founder of PolyM® – for his beloved daughters, it is fitting that the PolyM® building bricks reach new generations with each passing decade.

Role Play

Our Pretend Play toys are precisely designed to simulate real-life situations. Here children can play different roles, experience careers and create their own adventures in their imaginary worlds. By engaging in these scenarios, children can develop their imagination and creative thinking, whilst learning social and emotional skills which build confidence when playing these different roles.

Green Planet Explorers

The Green Planet Explorers were created to make sustainability accessible, child-friendly and most importantly, fun. These sets teach children how to care about the environment through play. Children will learn to look after our planet not only for themselves but also for generations to come.

Quadrilla

Derived from the combination of two German words, "Quader" and "Rille", meaning "bricks" and "slots" respectively - which are also the main components of the game - Quadrilla's unique marble run system is "a lot like coding" (Wall Street Journal) and a perfect platform for STEAM education.

Hape Playland

A journey into Hape's retail solution
In the broad panorama of toys we want to stand out for our quality and attention to design, showing our range in new and inspiring ways.

The impression we want to give is:
Hape is playful, innovative, friendly, affordable, passionate and - more than anything - willing to make the world a playful place where children will never stop learning.

Flexibility and adaptability

Hape Playland has a flexible design based on regular grid systems that enables it to adapt to many different store layouts and dimensions.
One Hape Playland can go from a minimum recommended size of 5 sqm /54 sqft to areas as big as 50 sqm /540 sqft.

To get your own Hape Playland, please contact our local sales.
The following are some examples of different Hape Playland sizes.

The best result in a few simple steps

Key features

- **More interaction:** demos, play tables, and displays to boost the fun and interactions.
- **Immersive shopping experiences:** the attractive graphics and decorations will provide children a more immersive shopping experience.
- **More traffic:** thanks to its new fresh look that resembles a play area, Hape Playland will generate more and more traffic.
- **Increase conversion rate:** by strongly communicating our passion and values, Hape Playland will increase the conversion rate.
- **Memorable experiences:** nothing makes parents happier than looking at their children having fun and learning.

Please contact our local sales for more. Hape Playland Manual is available upon request.

Identify the area for Hape Playland.

Choose the categories to sell and displays to use.

Design the layout and the area.

Implement and furnish the area.

Enjoy a new and exciting Hape Playland!
